

Aztex 2W LED CRI90 Filament Pygmy Dimmable - SES, Clear, 2200K

High Colour Rendering Index (CRI) lamps provide clean, crisp lighting, ideal for the retail & hospitality environments. A high CRI lamp ensures that brightly coloured products are displayed to their full potential. Lamps with poor CRI will distort some colours which may mean you end up with a green sock when you wanted brown.

- Special extended filament to replicate traditional vintage amber glow
- Up to 92% energy saving compared to incandescent vintage lamps
- Super low energy consumption
- CRI90
