

JK104

100A Switch Disconnecter Incomer

SP&N distribution boards are available from 4-28 outgoing ways. The range comes with a choice of either 100A 2P switch disconnecter, 63A 30mA 2P RCCB or 100A 30mA 2P RCCB, or a range of split load versions.

Cable Sizes

100A 50mm²
63A 25mm²

The range has the following features:

- Ample wiring space, with provision to accept RCBO's
- Full complement of earth and neutral terminal bars to accept up to 16mm² cable
- Accepts most consumer unit accessories
- Suitable for cable entry/exit on all sides and back

Manufactured from 0.9mm CR4 cold reduced mild steel, phosphate pretreated and powder coated to 00A01 BS 4800.

Complies with BS EN 61439-3 Annex ZB.

For dimensions see page 3.64.
