

london

integrated panel

Classic 6 side lantern powered with Solar energy. The almost invisible Solar panel at the roof of the lantern has a large capacity, with an autonomy of more than 10 hours during night time. Comes with 3 retrofit filament bulbs, creating a warm & gentle light. The die-cast aluminium post can be mounted on a paved surface thanks to the included metal mounting bracket. For unpaved surfaces, you can use the special spike, available as an accessory.

<p>6W Monocrystalline</p>	Estimated Light Run Time for Different Seasons		
	Winter	Spring	Summer
<p>300 lumen</p>	<p>(101W/m²) 03h40</p>	<p>(332W/m²) 08h00</p>	<p>(603W/m²) 10h00</p>
Actual run time may vary depending on your specific location
